Please Note:

Classification and listing as an "Exhibitor" must be limited to the firm name or product name (but not both) of the firm or firms who have legally entered into and signed an official exhibiting contract, and NO OTHERS. Firms that distribute or manufacture more than one brand name or product are entitled to no more than one free listing for each booth unit or equivalent purchased.

Official status and listing as an exhibitor cannot be extended to any firm or persons simply on the grounds that they have a display of their products in a qualified exhibitor's space. The right to sublet ANY space is exclusively reserved by PMA® and transfers of exhibit space by exhibitors cannot be honored.
